The Ghoorkah Force under Maha Rajah Jung Bahadour occupied the Char Bagh and Cawnpore Road in the city yesterday morning. In the afternoon the enemy in great Force attacked our position in the city their flank was however turned by the direction of the Maha Rajah in person & they were completely defeated with the loss of 10 guns & all the waggons of a light field Battery one gun was one of our own 9 pounders. This morning our advance was renewed on the right & we captured seven more guns several of which belonged to the Battery above mentioned. We now hold this quarter of the city one mile & a half to the westward of the Cawnpore Road. The Gorkhas have passed the front of Aluni Bagh and taken the

rebel Batteries opposed to it
in reverse
